

GMBCS 2019 MUSIC DEPARTMENT

MUSIC AUXILIARY CLASS INSTRUCTORS

<p>TUE. July 23 1:30 P.M.</p>	<p style="text-align: center;"><u>Class 1:</u> <u>“SINGING 1:</u> Through a GIA Publication Workshop Packet” (Limited Worship Resource Packet Available</p> <p>We are so fortunate to have Bruce Johnson research and secure several worship resource packets from GIA Music Series Publications where Dr. James Abbingtion is the Executive Editor and Associate Editor of The African American Heritage Hymnal. Bruce has networked with Marketing Director, Anthony Franchetti and is loaded with current songs and future publications to share in this exciting sing-a-long experience. We will share some creative teaching strategies as we take this journey together in praise. Be on time and ready to take away FREE sheet music that is current and soon to be published by GIA. (Limited demonstration CDs may be available.) Come and get a sneak peek and a token from GIA Music Series Publications</p>	<p style="text-align: center;">Mr. Bruce Johnson Morning Star Church Gulfport, MS Clinician</p> <hr/> <p style="text-align: center;">GMBCS Music Staff Assisting, as needed</p>
<p>TUE July 23 3:00 P.M.</p>	<p style="text-align: center;"><u>Class 2:</u> MASTER SOLO VOICE CLASS! HE’S BACK! Mr. James Hawkins, The Most Celebrated Choral Technician of His Day!</p> <p>Mr. Hawkins is inviting pastors and music ministry leaders to send him their best vocalists! In this master class he will listen to solo vocalist, analyze their strength, and give demonstrative suggestions for any found improvements. It is rare that a man of his skills is confined to such a small space of execution as this. Your vocalists will leave with a better understanding of how to “Handle With Care” their vocal instrument while maximizing its full potential in technic, skill drills, breathing tips, and over-all productivity n church music ministry. Send them and consider attending yourself. All attendees will volunteer to sing and receive personal critique before a supportive audience of shared learners. You are invited to come, observe, and takes notes for others of like-minded interest that might benefit from this session.</p>	<p style="text-align: center;">Mr. James Hawkins Orange Hill Church Bolton, MS <i>Clinician</i></p> <p style="text-align: center;">SPECIAL VOCAL DEMONSTRATION FROM Members Of THE JAMES HAWKINS GRADUATES CHORALE</p>

<p>Wed. July 24 1:30 P.M.</p>	<p style="text-align: center;"><u>Class 3:</u> “Technician Tools for Empowering Choir Rehearsal Preparation” (“Are you having trouble finding help to teach a song to your choir?”)</p> <p>For years now, technology has challenged the world to become “paperless”, that is, stop killing the trees! That same concept can save not only paper but time with using technology for rehearsals; before, during and after. Think about choir members coming to choir rehearsal with their own personal copy of the songs being done? It can be on their smart phone or printed but the choir director doesn’t have to run copies or be concerned about having enough copies. Well, Orbra Porter wants to share with you several computer applications that will be useful and beneficial to all involved in your church music ministry from the pastor, to worship leader, to music ministry leaders, to choir directors, to musicians, and definitely to choir members. The tools Mrs. Porter will be presenting can move you and your music ministry to a new level, by using technology. Demonstrations will be done showing the ability to share a calendar, share lyrics and music files, communicate with music specialty groups, as well as all choir members at large. You can benefit personally from this hands on experience by bringing your laptop, iPad, tablet, or smartphone(iPhone/Android).Active participants will leave this session with tools and concepts that can immediately be put into us.</p>	<p>Mrs. Orbra Porter Cade Chapel Church Jackson, MS <i>Instructor</i></p> <hr/> <p>One on One Advisory With Orbra</p> <p>TO BE ARRANGED</p>
<p>Wed. July 24 3:00 P.M.</p>	<p style="text-align: center;"><u>Class 4:</u> “THE GOSPEL ACCORDING TO TECHNOLOGY” Rich Information Regarding Technology During the Worship Experience</p> <p>The contemporary church is evolving. A large part of that progression is the use of technology. How has technology impacted the worship setting of the church? How can technology assist the music specialist ministry leader in implementing the best possible sound in the worship setting? Are there credible accompaniment tapes for your choir or praise team? What is a stem track? How can they grow your music ministry’s ability to present the very best sound you have to offer? Minister Andrew Lewis can answer these questions and many others. The possibilities for help in this area are huge! Pastors, music ministry leaders and church musicians should attend and harvest benefits to take back to your church for investigative shaking, breaking, and molding a ‘more excellent way’ to bless the music worship experience.</p>	<p>Minister Andrew Lewis Instructor of Technology Hinds Community College Raymond, MS <i>Clinician</i></p> <p>Minister of Music Spring Hill Church, Crystal Springs, MS <i>Instructor</i></p>

<p>Thur. July 25</p> <p>1:30 P.M.</p>	<p style="text-align: center;"><u>Class 5:</u></p> <p style="text-align: center;">“BREAKING GROUND IN THE MUSIC INDUSTRY” (Demonstration, Discussion, and Dialogue)</p> <p>Do you write the songs or sing the songs? Do you want to just sale a CD or save a life? Have you considered the benefits of starting this journey with your local church music ministry? We have General Missionary Baptist State Convention (GMBSC) music staffers who are DOING BUSINESS AS Gospel Artists while embracing ministry in the music industry. They will take you from the idea of wanting to produce a song to the path towards a finished product. Come listen, learn, and be inspired by our very own GMBSC ground breakers as they share their experiences. Your next step in the music industry could be greatly impacted by attending this session. Please note that their finished products will also be available for purchase all week.</p>
